

A warm welcome to you all.

The long weekend, May 19-22, 2016 will be La Salle Celebrate 50 years of providing education to it's community.

Your are invited to the party.

Place the dates on your calendar, commit to attend and send your name, year(s) attended, graduated and, of course, your e-mail address to this website.

If you have a great La Salle story you would like to share, please include it.

We are also interested in your ideas. What do you think we should include in the program in order to make the event successful?

Check the La Salle website for future updates.

Remember: *Once a Black Knight always a Black Knight.*
